Summary:

With 1.9 years of experience, I've consistently delivered exceptional web applications, driving increased user satisfaction and contributing to company success. My unwavering dedication lies in constructing robust, scalable, and user-centric web solutions, where I've played a pivotal role in elevating the overall quality of web applications.

Skills & Abilities:

- Proficient in React.js and .NET Framework with C#.
- Experienced in developing intuitive and responsive user interfaces using React.js and TypeScript.
- Collaborated with cross-functional teams to translate requirements into functional solutions.
- Written clean and scalable code, ensuring maintainability and performance.
- Integrated back-end APIs seamlessly with the front-end using RESTful principles.
- Conducted thorough testing and debugging to ensure application quality and stability.
- Participated in code reviews and promoted knowledge sharing among team members.
- Stayed updated with industry trends, continuously expanding my skillset.
- Contributed to impactful projects using cutting-edge technologies.

Experience:

DELTACUBES Software Developer | January 2023 – Present

- Developed and optimized intuitive and responsive user interfaces using React.js and TypeScript, resulting in a 20% increase in user satisfaction.
- Collaborated with cross-functional teams to transform client requirements into successful, functional solutions that contributed to a 15% company revenue boost.
- Wrote clean and scalable code, ensuring long-term maintainability and performance.
- Integrated back-end APIs seamlessly with the front-end using RESTful principles.
- Conducted thorough testing and debugging to ensure application quality and stability.
- Participated in code reviews and promoted knowledge sharing among team members.
- Contributed to impactful projects using cutting-edge technologies.

TECHNOGEN PVT.LTD Software Developer | November 2021 – September 2022

- Designed and crafted user interface components using React, leading to a 25% improvement in user experience.
- Developed and maintained reusable components and front-end libraries for future projects, resulting in a 30% reduction in development time.
- Collaborated with product designers to translate design concepts into functional UIs.
- Utilized React JS for templating for faster compilation and developing reusable components.
- Implemented stable React components and stand-alone functions for future use.
- Worked with client-side programming languages such as HTML and CSS.

Technical Skills:

- Front-End: React.js, Redux, HTML, CSS, JavaScript, TypeScript
- Back-End: .NET Framework, C#, ASP.NET, Web API
- Database: SQL Server, Entity Framework, MongoDB

- *Version Control: Git*
- *Tools: Visual Studio, Visual Studio Code, npm, Postman*
- *Operating Systems: Windows, Linux*

Education:

- *Pragati Engineering Collage Electronics and Communication Engineering (ECE)| 2019*

Communication:

- *Excellent communication skills enable me to collaborate with clients, stakeholders, and cross-functional teams to deliver high-quality results.*

Certification:

- *Certificate in React Full-Stack Web Development | Digital Lync | 2022*
